RAMPS (Ramp Access Made Possible by Students) is a non-profit 501 (c) (3) community service organization based in Richmond, VA and dedicated to aiding those in our community who are in need. RAMPS develops compassionate young adults through an innovative program that works with high school and college age students. These volunteers donate their time to build modular wheelchair ramps for the disabled and elderly people in our community who rely on a wheelchair or walker for mobility, but cannot afford a ramp to get them in and out of their homes.

Highlights from each school’s builds are below, as well as a quote from each ramp recipient:

“I truly want to personally thank each and everyone of the students to say… I thank you from the bottom of my heart.”

“I truly want to personally thank each and everyone of the students to say… I thank you from the bottom of my heart.”

“Can you please tell all of the students to keep up the great work they do for the people who can’t get around.”

“It’s so hard to find young people doing something so positive today, that’s why I know you make your parents very happy. All of you have put a smile on my face and a happy tear in my eye.”

“Thank you and your builders so much for the wonderful ramp that you all built for me… to have easier access to move around outside means more to me than I can explain.”

“Your teamwork was extraordinary on how you all worked together to fulfill the goal of our family in transporting me in and out of the house… thank you.”

“Everything went so smoothly. Keep it up—the teamwork was great! We can’t move forward if we don’t have each other. Thank you from the bottom of my heart.”

“… doing this for me is a blessing. I really needed this for me to be able to get up and down the stairs. Thank you…”
